

# Music for Little Mozarts for preschoolers

Follow Mozart Mouse and Beethoven Bear as they adventure into new musical concepts and piano performance pieces. Each student plays an individual Yamaha Portable Grand digital piano to experience the joy of making music through singing, rhythm, movement and finger exercises, in a fun and engaging social learning environment.

Carolyn Baldassare, piano teacher for over 20 years, invites your preschooler to learn the piano faster than you thought possible. Parent participation is encouraged.

Check local recreation center for details.
